

Hello I am David Wacker,

I am writing on behalf of the Big Island's chapter of Citizens' Climate Lobby (CCL). I wanted to submit our Powerpoint that I presented with at the recent Public Hearing. The CCL would like to receive more information on the petition before showing full support for your initiative.

The CCL primarily focuses on Carbon Pollution Pricing, which is usually referred to as Carbon Fee and Dividend or Carbon Cashback. We are open to supporting climate pollution pricing policies if they provide meaningful emissions reductions, support households, provide a level playing field with other countries, and are politically viable in the near term.

Thank you for your time, we would really like to learn more about your initiative and would be willing to provide our insight on the subject.
